strain meh

11/18/2023

we're going at

45 minutes in (tracked)

for our various time goals

obligations include

so let's assume 4 hours down

*at 10:15AM, this means we have 45 minutes in
10:15-12:00 is **105 minutes more minutes (untracked)***

meaning we're at 150 minutes done

if we go from 13:05-15:30, then we'll be at

145 more minutes (also untracked)

which means 295 minutes in before 3:30 (untracked)

17:10 resuming!

*assuming no phone call, this means we hit
360 at 18:15 WAOW*

*180 minutes in at 1:35 (oh!!)
240 minutes in at 2:35 (yay!)*

6:00 we can probably resume?

*which means
we can hit 360 by 7:35*

*assuming 4 hours down, that means by 2:15 PM we still have 45 minutes in
which means by 2:30 PM we have 60 minutes in
5:30 PM we have 240 minutes in yay
7:30 PM we have 360 minutes in yay*

12PM some strain workout

?? lifting
